MACHE' RECIPE

What You Will Need:

- Cottage Cheese container with Lid
- Cornstarch
- Leftover Coffee
- White Glue
- Stir Stick or spoon
- Small Paint Brushes
- Potty Paper or Snot Rag

Fill the cottage cheese container about 2/3's full of cornstarch and add COLD coffee a little at a time until you can **just barely stir it**. (roughly 1/2 cup) Make sure there are no dry spots. Then add about 6 oz or so of White Glue and stir well. The mix should be about the consistency of warm honey.

Now, you need to condense your coffee WAY DOWN.

This is what gives my Mummies they're lovely skin color.
